Summer uniform S1-S6

Our young people have asked for shorts to be added to our uniform.

We have listened and have agreed with young people that plain black (no logos) knee length shorts can be worn in the summer months from **April to June** and from **August to September**.

To mitigate against our concerns regarding shorts being worn in practical subjects e.g. Science/Food technology /Practical woodwork/ Craft and Design Technology (CDT) the shorts should be **plain black, knee length and loose fitting**.

Support for our families

We do not want our uniform to be a barrier for any family.

If you need any support with the application process, then please contact the school.

We will always look to support our families; we just need to know what is needed so please contact your young person's Head of House or the school office.

We have a supply of school uniform items which can be accessed by any young person who needs it.
